SALT LAKE WILL ENTERTAIN JAPS

Plans Are Made for Reception to Members of Commercial Commission.

FOUR-HOUR STAY IN CITY

VISITORS NOW IN FINAL STAGES OF LONG TOUR.

On Wednesday forenoon Salt Lake will have as its guests the honorary commercial commission of Japan, Mrs. Wilhelmina R. Dittmer which, under the direction of the Japanese government, is making an extensive tour of the United States. The party, sixty-five in number, will arrive in Salt Lake by special train over the Denver & Rio Grande railroad tomorrow morning at 8 o'clock, and will remain in the city until noon.

While here they will be the guests of composed of Governor William Spry. Mayor John S. Bransford, Senator Reed Smoot, Secretary of State C. S. Tingey, W. J. Halloran, president of the Commercial club; A. J. Davis, president of the city council; H. G. Whitney, chairman of the Commercial club entertainment committee; Lester D. Freed, chairman of the Commercial club transportation committee, and Joseph E. Caine, secretary of the Commercial

From the depot the visitors will be taken to the tabernacle, where a special organ recital will be given. Following this, the party will make a tour of the city in automobiles. Owing to the short duration of the visit, it is not likely that a reception will be included. From here the commissioners go to Ogden, and after a brief stop there will start for

WOMAN TO DEATH

Takes Life by Drowning Method.

Ignorance of the divorce laws of this country and temporary insanity, following her separation from husband and the Commercial club. The program provides for the reception of the commissioners at the depot by a committee Dittmer, a tailor, to seek death by drowning in a slough on the west side about 2 o'clock yesterday afternoon. Mrs. Mary Mikus, a daughter, with-whom Mrs. Dittmer lived at 323 Post street, says her mother was impelled to the deed because of harsh treatment she had received. Mr. Dittmer showed genuine grief when informed of the death yesterday afternoon, and said his former wife had been mentally deranged for several years.

About 2 o'clock yesterday afternoon the police were informed that a woman had been seen wandering about a slough near Fourth South and Tenth West streets. The patrol wagon was sent to the scene, but before its arrival a crowd had collected and the woman had been taken from the slough, into which, Sergeant J. J. Roberts, was informed, she had leaped after a half hour of aimless wandering about the bank.

Such was the belief held by ancient Greek philosophers and Roman physicians and invoked yesterday by the Cooper "stomach man" in an interview on the subject of health. Cooper's investigations and study of the human stomach for the last ten years have made him one of the most talked of men in America. The "stomach man" was interviewed at Smith's "Busy Corner" drug store, Main and Second South streets. He said:

*It has always seemed to me that there was a great deal underneath the belief of the ancient Romans and Greeks that the stomach was the real seat of human thought.
